

As we move forward, we want to take some time to look back and recognize some of the organizations and people that help Young Leaders, Strong City, do the necessary work we've been able to do. Some of our accomplishments in that work included expanding our team, conducting over 25 programs for students, and hosting upwards of 150 students at our 9th annual Teen Equity Summit, which without funders like these below, none of this would be possible.

- United Way - YLSC was awarded a three-year grant that will go to fund our Youth Advisory Council, monthly and special sessions about the history of communities to inform narratives along with community service projects
